Beehive
ILLUSTRATION

Victor Tavares

info@beehiveillustration.co.uk

Art is my passion! I am an illustrator dedicated to didactic books aimed to English students around the world. First I make a thumbnail sketch with a concise composition testing body language for all characters to best express the intention of the text. Once I'm happy with it I create a defined rough with as much beauty as possible and send to you. After your approval, my number 1 concern is to make it look wonderful with a bright palette. I'm proud to be part of Beehive for more than 15 years.
